2nd Dr. A.P.J. Abdul Kalam Memorial Lecture

Organized by

Department of Botany

In collaboration with

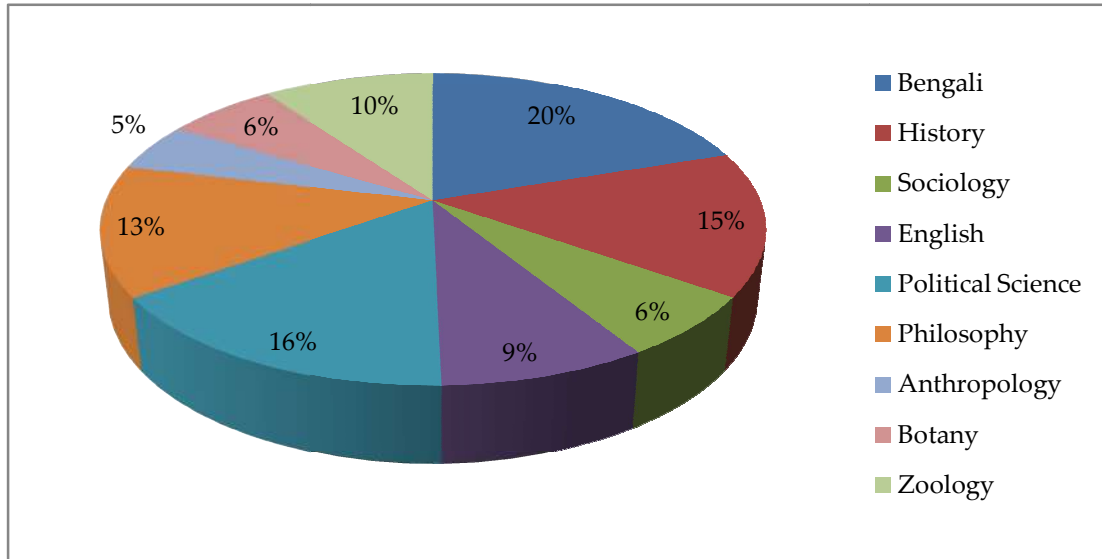

IQAC & Seminar Committee

Dr. A.P.J. Abdul Kalam Government College

Date: 20.09.2022

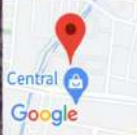

2nd Dr. A.P.J. Abdul Kalam Memorial Lecture was organized on 20.09.2022 by the Department of Botany in collaboration with IQAC & Seminar Committee of Dr. A.P.J. Abdul Kalam Government College. The Speaker was **Dr. Gautam Basu, Former Professor, Bose Institute, Kolkata**. He delivered a lecture on ‘**আমাদের দৈনন্দিন জীবন ও বিজ্ঞান গবেষণায় কৃত্রিম বুদ্ধিমত্তার (AI) প্রভাব**’ (The impact of artificial intelligence (AI) on our daily lives and scientific research). The idea of artificial intelligence has been around since the 19th century, when Alan Turing first suggested an "imitation game" to measure machine intelligence, but it wasn't until recent years that it became practical to implement due to the greater accessibility of computing power and data to train AI systems. The speaker in this lecture discussed the use and significance of AI in both daily living and scientific research. Every participant, regardless of background, appreciated the two-hour lecture and 30-minute discussion that followed.

The event witnessed **141 participants** from **9 different streams**. Following is the graphical representation of the participants from different background.

Feedback was collected from each participant at the end of the event.
